QUALITY Our Standard

COURIER-JOURNAL JOB PTG. CO., LOUISVILLE

HEADQUARTERS
for the South

HUGHES LOUISVILLE

In presenting this catalog to the trade, it is our desire to show stock sizes from which prompt shipment can be made. Stock goods will look just as good as those made to special designs. Stock goods help you to supply your customers promptly and help us to reduce the cost of manufacture, also enables the prospective builder to reduce his cost.

All of the items starred in this catalog are carried in stock in large quantities which assures you of prompt deliveries.

Keep this catalog before you and when you are in need of goods, send your order to

"HUGHES LOUISVILLE"
for quick shipment.

HEADQUARTERS for the South

OUR CURRENT PRICE FOLDER

Mailed at every change in the market. Shows discounts on Standard List of Sash, Doors and Mouldings effective January 1, 1924. Net prices on Front Doors, Columns, Porch Work, Stair Work, etc.

List on the Hardwood Doors is subject to our discount shown in our current price folder.

Watch for these price folders. We don't spend large sums in general advertising, but invest it to keep up our service and quality and want our customers to feel that we are here to serve them in every way possible.

Mirror Doors RAISED MOULDING

Any door is a Mirror
Door, all you need
is a Mirror and a
little Moulding.

Can use any
Stock Design

Cut shows a 5x Panel door with
Moulding on Face.

You might see a reflection
of yourself in this Mirror if
the glass had not been broken
in order to illustrate our way
of making a
Mirror Door out
of a Stock Door
by planting a special mould-
ing on the face of the door.

We show the full size sectional cut of the moulding above.

HEADQUARTERS for the South

Hughes Hardwood Doors

HEADQUARTERS for the South

Official Grades White Pine Sash and Doors

Adopted by the Wholesale Sash, Door and Blind Manufacturers Association of the Northwest.

DOORS.

No. 1 Quality. Material in No. 1 Doors must be clear, with the exception that water stains and small pin knots not exceeding one-fourth ($\frac{1}{4}$) inch in diameter may be admitted. No piece to contain more than one (1) such defect and no door more than a total of five (5) such defects; white sap not considered a defect. Workmanship must be good.

No. 2. Quality. Material in No. 2 Doors may contain knots not to exceed one (1) inch in diameter, and blue sap showing on one or both sides not to exceed twenty-five (25) per cent of the entire door surface, and gum spots showing on one (1) side of a piece only and other slight defects, shall not exceed eight (8) in number on each side and each white pine stile, bottom and lock rail must contain at least one (1) and not to exceed two (2) such defects; plugs admitted and not regarded as a defect. Slight defects in workmanship admitted.

No. 3 Quality. Material for No. 3 Doors may contain all stained sap and small worm holes and fine shake; also knots not exceeding one and three-fourths ($1\frac{3}{4}$) inches in diameter. Twenty (20) defects may be allowed on each side, also slight defects in workmanship. Each piece of white pine in a No. 3 Door must contain a defect. Not more than six (6) defects allowed in any one piece.

No. 4 Quality. No. 4 Doors are regarded as a cull door and must contain large coarse knots and may contain rot, worm holes, shake and other serious defects.

A standard door may be through tenon, blind tenon or doweled.

WINDOWS.

Cheek Rail Windows may contain one (1) knot one-fourth ($\frac{1}{4}$) inch in diameter in each piece of a window. White sap may be admitted. Workmanship must be good.

Plain Rail Windows and Sash may contain blue sap and small knots.

WOODS ADMISSIBLE.

Woods other than Michigan, Wisconsin and Minnesota or Western Pine may be admitted in Doors, Blinds and Windows.

Two heart-shaped emblems flank the text "HEADQUARTERS for the South". The left emblem contains "W.J. HUGHES & SONS CO.", "ESTABLISHED 1857", and "LOUISVILLE". The right emblem contains "W.J. HUGHES & SONS CO.", "ESTABLISHED 1857", and "LOUISVILLE".

HEADQUARTERS
for the South

Directions for Ordering

Time, Annoyance and Expense Can be Saved by Noting and Following Closely the Suggestions Below:

We will understand all orders and inquiries are for Regular Western Style and Sizes as described in this catalog, unless specifically ordered otherwise.

Be explicit in ordering. Do not assume that we know what you want.

Always give width first, length or height second, then thickness.

Always use inches to designate glass size, and feet and inches for openings or outside measurements.

SASH AND WINDOW.

The term "Sash" indicates only one piece to fill opening.

The term "Window" indicates two pieces (upper and lower sash).

State size of glass, number of lights, opening (unless regular stock) and thickness. State whether open or glazed, and if glazed whether single or double strength.

If a window, whether check or plain rail.

Where a window or sash is ordered with top and bottom lights of different heights (example, 2-lt. 40x30x38), it is understood that the first measurement (40) is the width of both lights that the second measurement (30) is the height of the top light, and that the third measurement (38) is the height of the bottom light.

If Segment or Circle Head give radius of Circle or Segment if not regular. When Circle Head not otherwise specified we will furnish with a radius one-half the width of the sash, less the width of the stile, and for Segment Head with a radius the width of the sash, less the width of the stile.

When an odd sash or window is ordered always give both glass size and number of lights and outside opening, and, if possible send sketch.

If glass sizes only are given, we will understand that regular stock widths of stiles, rails and bars are required.

Note—All windows and sash are understood to be glazed unless ordered open specifically. All glazed windows or sash may be furnished primed one coat or with surfaces in the white to receive stained or other finish.

HEADQUARTERS for the South

Directions for Ordering

—Continued

DOORS.

In the absence of other instructions we will consider all orders for the Standard Four Panel O G Door No. 1 quality.

State width, height and thickness, number of panels and arrangement of same and quality.

State style of sticking unless O G is desired.

If moulded, state whether flush or raised mould one or two sides.

If odd, send sketch or detail.

Odd doors will be made with regular stock widths of stiles, rails, muntins and panels unless specifically ordered otherwise.

Opening Sizes

The Universal or Western layout was used in establishing the opening or overall sizes in this catalog as follows:

Western Openings

Add for Wood over Glass Opening.

2-Light Windows.....	4- in. width, 6-in. height
4-Light Windows.....	5- in. width, 6-in. height
8-Light 1 $\frac{1}{2}$ Plain.....	4 $\frac{1}{2}$ -in. width, 6-in. height
8-Light 1 $\frac{1}{2}$ Check.....	5- in. width, 6-in. height
12-Light 1 $\frac{1}{2}$ Plain.....	4- in. width, 6-in. height
12-Light 1 $\frac{1}{2}$ Check.....	4 $\frac{1}{2}$ -in. width, 6-in. height

The above layout is used exclusively in all markets West of Indianapolis, Ind., in the Manhattan district, also in all Southern markets except in the Baltimore district. It is also coming into universal use in those other sections, which to some extent have continued to use layouts which were peculiar to their own particular district.

Unless orders specifically so state, we will construe all orders as calling for Universal layouts and Western openings as specified in this catalog.

Orders for other than Western openings, also for any of the following layouts: Baltimore, Boston, Cleveland, Eastern, Indianapolis, New York, Manhattan, Ohio, Philadelphia, Pittsburgh, Southern, Richmond, Washington or Wilkes-Barre, should state clearly for which market desired.

The logo for W.J. Hughes & Sons Co. is repeated at the bottom of the page, flanking the central text. It features the company name in small, bold, serif capital letters within a heart-shaped emblem. The emblem also includes the text "ESTABLISHED 1871 LOUISVILLE KY USA".

Layout for divided top sash of
Bungalow Windows, Designs A to I,
illustrated on pages 98 to 102.

Design	Width of Glass in Bot. Sash	No. of Lts. Wide in Top Sash
A	Up to 16 inch.....	2
	18 in. to 24 in.....	3
	26 in. to 32 in.....	4
	34 in. to 40 in.....	5
	42 in. to 48 in.....	6
C	Same number of lights wide as A design.	
D	Same number of lights wide as A design.	
E	Up to 24 in.....	2
	26 in. to 36 in.....	3
	38 in. to 48 in.....	4
F	Same number of lights wide as A design.	
G	Same number of lights wide as A design.	
H	Same number of lights wide as A design.	
I	Up to 18 in.....	3
	20 in. to 24 in.....	4
	26 in. to 30 in.....	5
	32 in. to 36 in.....	6
	38 in. to 42 in.....	7
	44 in. to 48 in.....	8

The above layouts permit of the symmetrical appearance of the various designs being retained, as shown in cuts.

Same number of lights in height will be retained regardless of height of glass ordered, unless otherwise ordered.
